

# Stabi-Jet

2 stroke

## "The All in One Alternative"

Since 1987 Stabicraft Marine has developed into a world leader in the manufacture of positive buoyancy boats. They are respected internationally for their innovative approach to design and construction.

Wanaka Marine, a New Zealand company, has taken the boats to another level using Mercury Technology and the Mercury Sport jet

Since 1997 they have worked on perfecting these for the local market and now can offer the world the results of their trials and efforts. Wanaka Marine have built over 50 SJ powered boats, 20 Stabi Jets and are New Zealand's biggest Selling S/J Dealer

# Stabijet- 509, 529, 559, 589, 609

## 2 Stroke

From \$62 000

### Features

- Battery & oil tank
- Bilge pump
- Rear boarding platform platform
- Side coaming ski & rod storage
- Underfloor fuel tank
- Walkthru transom
- Grab Handles
- Foot throttle
- Cabin
- Access hatch (watertight)
- Bow storage shelves
- Helm pedestal seating
- Navigation lights
- Self draining anchor bin
- Steering – rotary
- Raised transom
- Rod holders

### Specifications

Approx tow weight 1000kg  
Deadrise 16 degrees  
Dry hull weight 515kg/1169(lb)  
External beam 2.15m/7'  
Fuel tank 100 litres/26(gal)  
Height (on trailer) 2.22m/7'4"  
Hull thickness 6mm  
Internal beam 1.62m/5'4"  
Length (on trailer) 7m/23'  
Length 5.7m/18'4"  
Maximum adults 6  
Reserve buoyancy 1490 litres/393(gal)  
Tube thickness 4mm

### Options

Anchor winch  
Auxiliary bracket  
Cabin lining  
Canopy/bimini top  
Filleting board  
Graphics  
Heavy duty bollards  
Helm seat upholstery  
King/queen seat
